

FRANSiS™

Integrated Telehealth Solutions Overview

In today's world, negativity surrounds us. Hospice employees, in particular, face immense stress and emotional challenges. FRANSiS™ offers a positive interruption of support and encouragement, designed specifically for hospice professionals.

FRANSiS™ delivers daily text messages with positive affirmations, uplifting quotes, and words of encouragement directly to hospice team members. These EMIs (Emotional Momentary Interruptions) provide a quick boost of positivity when it's needed most. With FRANSiS™, hospices can support their team members effortlessly while reaping the benefits of a mentally healthier workforce.

Implementing FRANSiS™ promotes a culture of inclusion, support, and engagement, helping prevent burnout, increase retention, and demonstrating investment in well-being and resiliency. Developed by mental health professionals, FRANSiS™ messages are evidence-based and effective in promoting mental wellness.

FRANSiS™ offers a unique and accessible solution to support the mental well-being of hospice employees. By incorporating positivity and encouragement into their daily lives, we help improve their mood, outlook, and overall well-being.

If you'd like to learn more about how FRANSiS™ can support the mental well-being of your hospice team, contact us to schedule a call. Let's work together to promote mental wellness within hospice organizations.
