Hospice of the Valley provides exceptional care and support for those facing serious illness, death, and grief. Exceeding expectations is our standard of care.

- **351 Patients Served**
- **120.28 Average Length of Stay**
- **283 Patients Admitted**
- **70 Average Daily Census**

Hospice of the Valley’s Community Bereavement Center exists to offer practical support for those grieving the loss of a loved one. As a hospice benefit, the Center provides ongoing bereavement support. As a community goodwill service, we offer educational resources, short-term grief counseling sessions, and ongoing support groups to anyone in need.

Many think that the Community Bereavement Center is only for the families of our hospice patients. As a hospice service, bereavement care is provided for 13 months to the family after the loss of their loved one. However, the CBC offers more than that; 80% of those who participate in either individual or grief group counseling are from our community at large.

Friend to Friend is a grief support group that addresses the needs of children (5 to 18 years) who have recently experienced a loss through death. Often families do not have the means to come to the hospice office for counseling so the Friend to Friend program brings counseling services to the schools. Children who are in need are selected by their school counselors. Friend to Friend is part of Hospice of the Valley’s goodwill services and is provided to the children at no cost to the families.

**GOODWILL SERVICES**
